Further to my 36/3/8 of March 21st
a letter has been quoted, your T/140/17-52-691
of 22.2.38, which I have not seen, in which you
refer to radical repairs required.

The Engineer in Charge Nablus no doubt,
has been asked to advise, and the proposed move and
possible increased commitment for rent discussed.
The District Housing Committee will no doubt make a
recommendation - An increased commitment was not
anticipated in the budget estimates.

Reference:- Your letter No.36/3/8
 dated 21st March, 1938,
 addressed to Assistant
 District Commissioner,
 Tulkarm, copy to this office.

In reply to this office letter
 of even number dated 18th January, 1938, the
 Assistant District Commissioner, Samaria, vide
 his letter No.T/140/17-52-691 dated 22nd February,
 1938, stated that this hiring required radical
 repairs and that the District Officer, Nathanya,
 made repeated efforts to get in touch with the
 lessor who lives in Tel-Aviv, but was unable
 to get a reply.

2. In view of the above and the
 desirability of obtaining larger accommodation,
 I shall be grateful if you will authorise
 negotiations.

The present quarters occupied by the Police at Nathanya are considered inadequate and the Inspector General has requested that more suitable premises be rented.

2. These are available at a rent of LP.72 p.a. The present rent is LP.60 p.a., so that an increase of LP.12 will result. I would be glad to know whether you are prepared to authorize the leasing of the proposed premises.

Subject:- Police Post - Wadi Hawarith
(Meretz).

Reference: Your 14/47 of 3-1-38

The building at Meretz was inspected by myself
in the company of the M.O.H. Tulkarm.

I have to report that it is structurally sound
and is suitable as a police post.

The following items are not completed but
Mr. Extra Danin promised to attend to them.

a) There is, as yet, no concrete floor in the
forage room.

b) The ground surrounding the building needs
clearing of rubbish and levelling off to give good drainage
and to prevent water lying about after rains.

c) The ground needs fencing

d) A cover to the water tank on roof is
required.

e) A trap door is required for the topmost
roof.

f) A bannister needs fixing to the stairs.

The following items should be attended to:-

a) The provision of a pathway of concrete or stones
to the main building and round it and from the main building
to the stables and a concrete or stone paved area outside the
stable as per sketch enclosed.

b) The provision of a soakaway pit to the stables or the connection of the stables to the house drainage system, so that the existing septic tank and soakaway pit serve both station and stables.

If any maintenance is undertaken by Government it is though advisable that no more than internal maintenance is undertaken.

As soon as the electric connections are made to the building I see no reason why the building should not be occupied. The house would be formally taken over after the lease agreement has been signed.

Subject : No. 56 Tulkarm -
Land Settlement Office.

Reference : 36/3/8 of 21.12.37.

Chairman C.H.C.

~~The Director of Public Works~~ presents his compliments

to Assistant District Commissioner, Samaria,
and requests that a reply may be sent to his communication under
reference.

EXPIRED 125

1/3/38.

8th January, 1938.

Asst. Dist. Commissioner,
Tulkara.

M.H.O.
DE

Subject :- Police Post - Wadi
Hawarith. (Meretz.)

Reference :- Your 14/47 dated
3.1.38.

The building at Meretz was inspected
by myself in the company of M.O.H., Tulkara.

I have to report that it is struc-
turally sound and is suitable as a police post.

The following items are not completed
but Mr. Ezra Danin promised to attend to them:-

- (a) There is, as yet, no concrete floor
in the forage room.
- (b) The ground surrounding the building
needs clearing of rubbish and level-
ling off to give good drainage and
to prevent water lying about after
rains.
- (c) The ground needs fencing.
- (d) A cover to the water tank on roof is
required.
- (e) A trap door is required for the top-
most roof.
- (f) A banister needs fixing to the stairs.

The following items should be
attended to:-

- (a) The provision of a pathway of concrete
or stones to the main building and
round it and from the main building
to the stables and a concrete or stone
paved area outside the stable as per
sketch enclosed.
- (b) The provision of a soak^aaway pit to the
stables or the connection of the stables
to the house drainage system, so that
the existing septic tank and soakaway
pit serve both station and stables.

.....

If any maintenance is undertaken by
Government it is thought advisable that no
more than internal maintenance is undertaken.

As soon as the electric connections
are made to the building I see no reason why

/the

(2)

the building should not be occupied. The house would be formally taken over after the lease agreement has been signed.

Subject:- Wadi Hawarith Police Station.

Reference: Your 36/3/8 of 15-7-37.

Negotiations with the Jewish Agency for the erection of a building suitable for the accommodation of the Wadi Hawarith Police Post have broken down as the Agency could not be persuaded to build on either of two alternative sites which had been selected by the Deputy District Superintendent of Police and myself.

2. It is a matter of great urgency to find new accommodation for the Post as the building now occupied, apart from being generally unhealthy and in miserable repair, has a defective roof which does not keep out the rain.

3. The Deputy District Superintendent of Police and myself have consequently searched for ^a suitable building elsewhere and we have now found one at Meretz, a small settlement in the east of the Wadi Hawarith. The building is not yet complete but it should be finished in two months time. The owner is prepared to make the alterations which the Deputy District Superintendent of Police requires and to build stables, store rooms and a saddlery room. The Acting Inspector General has agreed that this building, when complete, will provide the only available satisfactory alternative to the building now occupied.

4. I consequently now ask for approval for the following proposal:

Government should agree to lease the building at a rent of L.P. 100 a year (two years rent being payable in advance as soon as the building is complete and has been passed as fit by the Senior Medical Officer and the Engineer i/c Nablus).

5. I shall be grateful if this proposal may be considered with the least possible delay and if I may be authorised to tell the owner of the building that subject to the final approval of the Departments concerned the building will be taken and two years rent paid in advance.

Dear Dr. Joseph,

I thank you for your letter No. Pol/182/37 regarding the proposal to establish a new building in the Emek Hephher for occupation by the Police.

I very much regret that the negotiations for the erection of the proposed building at Kfar Haroah have broken down.

The Elyashiv site (known as Napoleon's mound) would however provide a suitable alternative and I shall be most grateful if you will let me know as soon as possible when you expect that a final decision will be reached.

As I have already told you I am most anxious, in order to ensure that everything possible is done to maintain public security in the Emek Hephher, to get the Police into the new building before the heavy rains of the coming winter.

Yours sincerely

Dear Foot,

I must apologise for the delay in writing you about the matter of the Police Post in Emek Hefer. I saw the Jewish Agency Treasurer, Mr.Kaplan, immediately on his return and gave instructions that the results of my efforts should be communicated orally to Mr. Chizik.

I may add that I explained the position to the Officer Administering the Government at an interview I had with him last Friday. As you have no doubt learnt from Mr. Chizik to my regret it is impossible to arrange for funds to be made available to erect a building suitable for a police post at Kfar Haroeh. We are however doing everything we can to meet the wishes of the Police with regard to a building suitable for a post at Elyashiv.

I must apologize for the delay in writing
you about the matter of the Police Post in New York.
I saw the Jewish Agency yesterday, Mr. Kagan, immediately
on his return and gave instructions that the results

The proposal to accommodate both the District Offices and the Police in the same building, which I had suggested might be possible in the first paragraph of my letter under reference, has now turned out to be impracticable.

2. I wish however to put before you a proposal which, although it would entail some additional expenditure, would give to the District Offices and ~~the~~ to the various Departments concerned additional space which is badly needed.

3. The building which at present houses the District Offices also accommodates the Land Registrar, the Assistant Veterinary Officer and the Agricultural Officer on his regular visits to Nathanya.

4. The building, which was leased from the Nathanya Sea Shore Development Company during last years disturbances, has proved to be unsuitable in view of the increased and increasing business transacted in the offices. Moreover the Company was good enough

to allow Government to lease the building at a rent of LP.84 a year, which is lower than the rent which the building would otherwise have fetched if leased as a dwelling house. It is unreasonable and undesirable that Government should expect the Company to continue to grant Government this exceptional facility, which was originally accorded to meet the emergency arising from the 1936 disturbances.

5. I now propose that the lease of the present building should not be renewed but that a new and larger building which is now nearing completion should be leased at a rent of LP.144 a year. The new building is not only more suitable generally but would provide the additional space which the District Offices and the Departments concerned require. I am satisfied that the rent suggested is reasonable in comparison with rents now being charged in Nathanya.

6. I shall be grateful if you will inform me whether this proposal may be approved in principle. I shall then arrange for its inspection by the Senior Medical Officer and the Engineer i/c Nablus.

I am directed to approve the lease of premises to be built by the Jewish Agency for the accommodation of the Wadi Hawarith Police Post on the terms recommended in Mr. Foot's letter of the 17th of June provided the premises are built to the satisfaction of the Director of Public Works and the Inspector-General of Police and that the rent which is agreed upon, being not more than £2.100 per annum, is considered by you to be reasonable.

It is assumed that the lease will provide that the payment of taxes and rates (if any) will be the responsibility of the lessor.

In forwarding the attached letter addressed to you by the Assistant District Commissioner, Samaria, in connection with the proposed hiring of a building to be erected by the Jewish Agency as accommodation for the Wadi Hawareth Police Post, I strongly support the proposal put forward by the Assistant District Commissioner in regard to the payment of 2 years rent in advance to the Agency, to enable them to construct the Post.

2. The buildings at present occupied by the Police in the Wadi Hawareth, free of rent, are in a bad state of repair. One of the buildings is a temporary wooden hut and the other is a dilapidated old stone building utterly unsuited for Police purposes, and in this connection I invite your attention to your letter No.36/3/8 dated 13th March, 1937, in regard to the question of reconditioning the buildings.

86
56

3. Besides the cost of reconditioning the present unsatisfactory buildings, the location of the present outpost has lost its value for Police purposes owing to the rapid development of the area which it serves. It is situated on the Western

border of the area, remote from the source of crime in the locality.

4. The location of the proposed post will ensure the maximum protection to settlements and will cover the routes taken by criminals who invariably come from the East and South-East of the outpost area.

The present Wadi Hawarith Police Post (being situated on the western boundary of the area covered by the Post) is not well sited.

2. The Deputy District Superintendent of Police and I consider that if possible the Post should consequently be moved to a site in the middle of the Wadi Hawarith.

3. The Jewish Agency, with whom I have discussed the question, have agreed in principle to provide a building for occupation by the Post and a site for the new Post has been approved by the Deputy District Superintendent of Police and by a representative of the Agency.

4. The Post will have to accommodate nine men and nine horses.

5. I shall be grateful if authority from Government may be obtained for leasing the proposed new building with two years rent payable in advance and if I may be given authority to conclude an agreement with the Agency on the basis of rent at a rate not exceeding LP.100 a year.

Mr. M. Schechtman,
Nathanias,

Sir,

Subject : No.59 Tulkarm -
P.W.D. Office, Nathanias.

130 in f 6

I beg to refer to your letter dated
5.5.1937 addressed to the District Engineer,
Jaffa District regarding the above.

I am now advised by the District Engineer
that the room was vacated on 1.6.1937 and that
the lease can be cancelled as from that date.
I shall be glad if you will forward to this office
your duplicate copy of the lease dated 5.4.1937
for endorsement accordingly.

I have scheduled the rent for the month
of May for payment to you through the District
Officer, Nathanias.

I have the honour to be,
Sir,

Your obedient servant.

for Chairman
